

Course to improve and fortalice youth leadership

Location:

El Salvador

Duration:

11 Months

Youth coordinator:

Edda Silva

MDG's:

Education and Development

Background:

We will develop a formal course in order to improve youth led development. The course consists in 5 sections total, given 1 per session in one weekend from Friday to Sunday. Between each session the participants have the chance (and obligation) to develop some activities related with each one of the items covered in each session. After 5 sessions they obtain a Diploma, certified by FUNDE, (Fundación para el Desarrollo). FUNDE is sponsoring us the most. After finish the whole course, they go to their communities and continue working in what each one of them do or start working in new projects they discovered during the course and they know is a must for Local Development.

They invested from January to June 2006 doing their job. After that time we have one last meeting to share and interchange results, goals achieved, problems, similitude and differences between their projects. The whole first part was sponsored by FUNDE, and we invested the money was given to us by TSB to develop the Evaluation of Results meeting the past July 26.
